## **Phoenix Environmental Care LLC Adds Verio™ Fungicide to Product Line**

Valdosta, GA— Verio™ fungicide is the latest addition to the expanding line of products from Phoenix Environmental Care LLC. “Verio contains metalaxyl as the active ingredient and that means this product provides outstanding control of diseases like pythium, phytophthora and yellow tuft,” says Rick Grant, Director of Business Development for Phoenix Environmental Care LLC.

Verio is available in an MEC formulation. “This product can be used in rotation or in combination with several other Phoenix pythium control fungicides,” says Grant. “Those include Autograph™, Vital®, Vital Sign®, and WingMan™.”

For additional convenience and an even broader spectrum of control, Verio can be tank-mixed with other Phoenix products including Raven®, Pegasus™, Dovetail®, Peregrine® and T-Bird®.

Verio will be packaged in four-by-one and in 7.5 gallon BATPak™ containers. The product will be available in mid-April, 2009.

Phoenix Environmental Care LLC specializes in turf, nursery, ornamental and aquatic products. Verio, Autograph, WingMan and Pegasus are trademarks of Phoenix Environmental Care LLC. Vital, Vital Sign, Raven, Dovetail, Peregrine and T-Bird are registered trademarks of Phoenix Environmental Care LLC. Always read and follow label directions.
